Profile

I am an experienced Software Developer specializing in React Native and front-end development with 4.5 years. Currently leading mobile application development projects at Ecotech IT Solutions, with a strong background in complex project management and diverse technical skills.

Education

BSC (Computer Science)

Savitribai Phule University, 2019

Work Experience

Ecotech IT Solutions | Associate | Software developer

June 2022 - Present

- Leading mobile application development as a senior React Native developer.
- Key Projects:
 - **AppUp**: Management tool for breaking down projects, with implementation of offline capabilities, PDF download, multi-language support.
 - **Petra**: Multi-language steel trading app with dark/light themes, cascading filters, and price conversions.

Stark Digital | Software Developer*

November 2019 - June 2022

- Handled multiple React Native projects, contributing to various client needs with class-based and functional components.
- Key Projects:
 - **LibanX**: Car shopping app with payment integrations and theme UI.
 - **AdJam**: Advertising app with Google Ads integration and video capabilities.
 - **HVAC**: Technical support app with role-based features and chat functionality.
 - **Milk n More**: Agricultural app for tracking calendar events and managing monthly billings.

Skills

- **Languages:** JavaScript, TypeScript
- **Frameworks/Libraries:** React Native, React JS, Redux, Three.js
